

WHITE SANDS SOARING ASSOCIATION (WSSA)

since 1959

Alamogordo –White Sands Regional Airport

*Operations: - Saturday & Sundays
- Year round*

What we offer:

- Glider Demonstration & Scenic Flights
- “Sniffer” Program - possible new pilots
- Instruction towards FAA pilot’s license
 - Private / Commercial / Instructor
- Affordable flying for club members
 - Large fleet of 8 club owned gliders
 - 5 two-seat & 3 single-seat
 - All hangered & well-maintained
- “Hangar Talk” and socializing

- A glider - or sailplane - is an unpowered aircraft
- Gliders are pulled into the air by a powered tow plane
- Similar to soaring birds, gliders use naturally occurring currents of rising air to gain altitude
- Gliders fly for hours, travel long distances & attain high altitudes
- Our area has some of the best soaring conditions in the country!
- Although best in the Summer, we enjoy unique year-round soaring!

- Flying gliders is more fun and much more affordable than flying propeller aircraft
- Students can solo at 14 & obtain an FAA issued license at 16

White Sands Soaring Association

A non-profit club
